Registration Fee

The workshop is limited to a maximum of 120 attendees (first come first serve).

Rates are listed for students* / regular attendees (academic institutions) / companies. Workshop attendance is guaranteed only if payment or proof of payment is received no later than the due date specified for the individual rates.

*proof required

Early bird rate: 350 € / 450 € / 900 €
Registration until October 31, 2016
Payment until November 30, 2016

Regular rate: 450 € / 500 € / 1200 €
Registration after October 31, 2016 until January 15, 2017
Payment due on January 15, 2017

We will again offer stipends for students and young fellows. For further information please visit www.pet-mr-tuebingen.de

THE REGISTRATION FEE INCLUDES:

- lunch, dinner and coffee breaks for all workshop days
- conference dinner
- program booklet

METHODS OF PAYMENT:

- credit card
- wire transfer

CANCELLATION FEES:

Cancelation by Nov. 15, 2016: 50 € + transfer fees.
Cancelation after Jan. 15, 2017 results in full registration fee payment.

ON-LINE REGISTRATION:

www.pet-mr-tuebingen.de
Dear Colleagues,

It is our great pleasure to invite you to the 6th international PET/MR workshop in Tübingen, Germany. We are happy to continue this successful series of science-driven and application-centric workshops. With over 100 clinical PET/MRI systems being operational worldwide today this technology has entered a level of technological maturity. Recent workshop discussions point to an advantageous role of PET/MRI in selected indications, such as prostate cancer and neurooncology imaging as well as for the diagnosis of neurodegenerative diseases. In recognition of these areas of perceived key applications we decided to adapt the layout of the workshop accordingly. The 6th PET/MR workshop will encompass again three full days of dialogue boards and roundtable discussions, however, with a focus on the brain and oncology. As in 2016 we will include a dialogue board on emerging areas so as to align on short- and mid-term objectives of PET/MR research.

As in past years we will have high-level international speakers in the field of imaging science on board to review together with the attendees the state-of-art. Dialogue board sessions will help to address the complementary and competitive role of imaging compared to other disease-specific biomarkers. The emerging question about the future primary diagnostic tool for diseases like Alzheimer or cancer and the role of PET/MRI will be discussed with peers from the fields of neurology, oncology, imaging science and healthcare providers. In the tradition of the past five workshops, interactive moderated dialogue boards will build the centerpieces of this event: clinicians and scientists with extensive competence in the field of PET/MR will share their opinions and invite you to participate actively in the discussions.

Be part of an exciting workshop and participate in shaping the future of imaging science! We are looking forward to welcoming you in Tübingen in March 2017.

Bernd Pichler & Thomas Beyer
on behalf of the Organizing Team

Organizing Team

Ulrike Ernemann, MD
Neuroradiology

Konstantin Nikolaou, MD
Diagnostic & Interventional Radiology

Thomas Beyer, PhD
QIMP, Center for Medical Physics and Biomedical Engineering,
Medical University Vienna, Austria

Christian la Fougère, MD
Nuclear Medicine & Clin. Mol. Imaging

Ulrike Ernemann, MD

Medical University Vienna, Austria

Program

Wednesday, 28th March

08:00 Welcome Breakfast & Registration
09:00 Highlight Lecture
Title tba
10:00 Coffee Break
11:00 Dialogue Board 1: Instrumentation & Quantification
12:00 Lunch
14:00 Dialogue Board 3: Neurology - Status Quo
15:00 Coffee Break
16:00 Dialogue Board 4: Neurology - Where to Go?
17:00 Round Table Discussion 1 ("Societies")
How to Read PET/MR
18:00 Conference Dinner

Thursday, 29th March

08:00 Welcome Breakfast & Registration
09:00 Dialogue Board 2: Oncology - Status Quo
10:00 Coffee Break
11:00 Dialogue Board 5: Oncology - Where to Go?
12:00 Lunch
14:00 Dialogue Board 6: Emerging Areas
15:00 Coffee Break
16:00 Dialogue Board 7: Emerging Areas - Industry
17:00 Round Table Discussion 2 ("Industry")
Imaging vs. Liquid Biopsy
18:00 Conference Dinner

Friday, 30th March

08:00 Welcome Breakfast & Registration
09:00 Dialogue Board 8: Inflammation - Status Quo
10:00 Coffee Break
11:00 Dialogue Board 9: Inflammation - Where to Go?
12:00 Lunch
14:00 Dialogue Board 10: Case Studies & Pitfalls
15:00 Coffee Break
16:00 Dialogue Board 11: Case Studies & Pitfalls - Quality Assurance
17:00 Round Table Discussion 3 ("Industry")
How to Read PET/MR
18:00 Conference Dinner

Companion Program

Tübingen has a long history and many interesting sights, which are worth a visit (www.tuebingen-info.de). If you need any help in planning private tours we will be glad to assist you - please contact the registration desk during the workshop.

Summary Reports from previous PET/MR Workshops
